## About Commerce Energy Group

Commerce Energy Group, Inc. is a leading independent U.S. electricity and natural gas marketing company, operating through its wholly owned subsidiaries, Commerce Energy, Inc. and Skipping Stone Inc. Commerce Energy is publicly traded on the American Stock Exchange (AMEX) under the symbol: EGR.

Today, Commerce Energy serves a broad base of residential, commercial and industrial customers located across the U.S. in energy deregulated states. Commerce Energy is licensed by the Federal Energy Regulatory Commission and by state regulatory agencies as an unregulated retail marketer of natural gas and electricity.

The company was founded as Commonwealth Energy Corporation in 1997 to market electricity to California deregulated energy customers. In 2004, the company acquired Skipping Stone Inc., which offers consulting services to utilities, wholesale merchants, energy-technology vendors and natural-gas pipeline companies. Commonwealth also was first publicly traded in July of 2004. Commonwealth and subsidiary companies were branded as Commerce Energy, Inc. in 2005. In 2006, Commerce Energy purchased commercial and industrial customer accounts from Houston Energy Services Company (HESCO) to triple natural gas sales volumes.

For nearly a decade, customers have relied on Commerce Energy to deliver competitive pricing, innovative product offerings and personalized customer care in addition to quality gas and electric services. Visit our Web site for more information.

## Value-Added Services

### *Retail Chains*

We have expertise in providing cost-saving, flexible energy solutions to our customers who manage energy supply for multiple locations. Our energy experts understand your requirements, from both a portfolio and single-location perspective. We will develop billing and information services that are tailored to match your specific needs.

### *Communities / Co-ops / Municipalities*

We excel in providing energy services to communities, co-ops and municipalities. Commerce Energy will customize energy services to meet your organization's specific needs, while focusing on cost reduction and personalized service. We are your single-source energy services provider.

### *Small- and Medium-Sized Businesses*

We understand that time is money. Accordingly, we offer a cost-effective, flexible and seamless range of solutions to meet your energy needs. Commerce Energy's services will exceed your expectations and add measurable value. You can use the time you save worrying about energy costs and supply to more profitably focus on your company's bottom line.

### *Service Only Begins with the Sale*

Commerce Energy commits to being there for you. Our energy experts are not only skilled at listening to your requirements and finding the right solutions for your particular energy needs, our team stays with you to answer your questions. We deliver on our promises.

### *Meeting the Challenges*

We understand how challenging the energy markets can be. Commerce Energy will help you manage your organization's energy requirements, gain control of the volatile energy markets and stabilize your overhead costs. We constantly monitor the markets and use our research to meet your energy needs.
