Fratelli Studios brings special events to life. For more than ten years, we have been the premier **set design, exhibit display** and **special events production** group for clients seeking innovative and creative services.

Whether it's scenic design and construction, creative and technical management, or just a creative concept for your next event, Fratelli Studios blends creative imagination with business strategies to make your venue a memorable success.

We take pride in our work, and we invite you to discover the energy and enthusiasm we bring to each project. If you can dream it, Fratelli Studios can make it come true.

ABOUT US

Centrally located in Irvine's business center, Fratelli Studios houses 10,000 square feet of studio and office space. Due to expansion demands, a new studio location was established in early 2007.

The production team, headed by Anthony Vasi, has been designing sets, exhibits and displays for over a decade. The studio's unique business approach generates lasting relationships with clients through dedication, accountability and responsiveness. Fratelli Studios is able to respond quickly to client needs and objectives; on-time and on-budget.

At Fratelli Studios, clients are treated like family. Fratelli is Italian for *brothers*, and the family philosophy carries over to the strong relationship built with each satisfied client. Achieving high production values, Fratelli Studios lets the quality production speak for itself.

Fratelli Studios believes in reinvesting in the community to make a difference. The studio is a proud participant of local community events and fundraisers for the *Newport Heights Foundation, Rock for Choc*, churches, schools and community outreach organizations.

SERVICES

Fratelli Studios offers a full array of production services, props, exhibits and displays for seasonal attractions, convention halls, casinos, automotive dealerships and retail businesses.

Services include creative development, scenic design and construction, event management, technical production, graphic design and multimedia.

Creative Development

Have an idea but don't know how to execute it? Our Creative Development team thrives on logistic challenges. Working "outside the box," Fratelli Studios first redefines the parameters of the box, ventures outside, and then proceeds to bring original, show-stopper ideas to the forefront. Innovation, excellence, and enthusiasm are the keys to a successful event. At Fratelli Studios, high-energy is contagious!

Scenic Design and Construction

Gothic, old world, western, fantasy, aquatic, romantic, fun, adventurous or simply elegant, Fratelli Studios is your creative headquarters for building enduring memories. With your goal in mind, Fratelli Studios will use creative talents to design show elements from concept to completion. Our expert scenic designers and construction crew will create a show element that will "wow" your audience and raise the bar - but not the budget.

Event Management

Let us manage your entire event while you mingle with your guests. Fratelli Studios will handle all your production management needs. We're industry professionals with a breadth of knowledge that will be an asset to your special event. Operations, budgeting, scheduling, labor management — It's all in the details. Our secret: We plan each stage of production far in advance, but also allow the flexibility of new ideas as they arise.

Technical Production

We'll build exciting moments of fanfare and celebration into your events. Let us introduce you to the newest technologies and show you how to surpass traditional approaches. LED lighting effects, multi-track sound designs, pneumatic hydraulic lifts, computer generated illusions, smoke, scents and environmental effects are just a few technical gadgets in the studio's bag of tricks.

Multimedia

Our seamless integration of sound design elements, smart lighting systems, graphics, video production and new scenic materials can turn your next event into a multi-sensory production. In need of a multimedia PowerPoint presentation for your next meeting or conference? Fratelli Studios can do that too with signature style and professionalism.

Graphic Design

Fratelli Studios will integrate all the spaces of your event -- the convention hall, the hotels, the city streets. We design large and small collateral ranging from billboards, banners and signage to counter displays, brochures, postcards and other collateral that carries a unified visual theme. Fratelli Studios is experienced in adhering to corporate Visual Identity Systems (VIS) and branding. We understand the importance of consistent messaging through various show elements and media channels.

PRICING

"How much is my production going to cost?" This is the question we get asked most often. Unfortunately, there is no "one price fits all" as each production is unique. To help assist us in supplying you with an accurate price, it is essential that we have a clear understanding of your expectations and needs. If you're planning a large or small event, Fratelli Studios will work within your budget and exceed your expectations. We'll present an estimate of cost for services and materials before production begins. Let us transform your event into a memorable occasion.
